

LEADSLINGERS
Spirits

LEADSLINGERS SPIRITS was founded by six combat veterans of Iraq and Afghanistan. After founding other successful businesses together—Article 15 Clothing, and creating a vibrant and loyal following in the veteran-community, we set out to create a line of spirits with a great story to go along with great taste. Leadslingers has a social media reach of over 1.5 million followers and also gives back to local veteran charities.

Distributed across the U.S. and over 12,000 cases sold in 2017, Leadslingers is primed for explosive growth and we intend to make waves in the beverage industry, while at the same time showing that this generation of veterans is the next "Greatest Generation."
